

INVITATION

NKT

CAPITAL MARKET DAY

5 and 6 OCTOBER 2009, HOSTED BY NKT HOLDING

Last year NKT's Capital Market Day took place in Cologne where participants were introduced to NKT's High Voltage Factory under construction. At this year's CMD we proudly present NKT Cables' nearly completed, brand new, and technologically advanced High Voltage Factory located in Cologne (Flittard), next to the river Rhine.

The re-visit to NKT Cables in Cologne is followed by a visit to Nilfisk-Advance's manufacturing facilities situated in the heart of Europe - in Hungary near Budapest. The site is an important 'corner stone' in Nilfisk-Advance's many structural changes.

In the afternoon we will introduce you to the new generation of lasers. NKT Photonics build lasers that can give images of the unknown and unseen. The company expects substantial growth within life science, the environmental sector, food processing surveillance and the semiconductor industry.

THE CMD EVENT INCLUDES:

NKT CABLES ON 5 OCTOBER

- › Site visit
- › Meeting with Management Team
- › Presentation followed by Q&A session

NILFISK-ADVANCE ON 6 OCTOBER - MORNING

- › Site visit
- › Meeting with Management Team
- › Presentation followed by Q&A session

NKT PHOTONICS ON 6 OCTOBER - AFTERNOON

- › Presentation by Jakob Skov, CEO, followed by Q&A session

We hope that you will be joining the event - we are looking very much forward to seeing you. Please advise your participation no later than Thursday 3 September 2009.

Best regards,
Thomas Hofman-Bang
President and CEO

Michael Hedegaard Lyng
CFO
